Fall Preview 2005

CONTINUING EDUCATION • PART-TIME DAY, EVENING, AND ONLINE STUDY

Fall undergraduate courses can be viewed online beginning March 30 at www.wnec.edu/acadsched/. The 11-week term fall graduate schedule will be posted August 15.

Undergraduate Programs

Part-time day and evening classes:

Accounting

Business

Computer Information Systems

Management

Electrical Engineering

Industrial Engineering

Mechanical Engineering

Liberal Studies

Online Bachelor of Business

Administration (BBA)

New 8-week Accelerated PACE Program

Graduate Programs

Master of Business Administration (MBA)

Master of Science in Accounting (MSA)

Satisfies the educational requirements for the CPA exam in Connecticut and Massachusetts.

Master of Arts in English for Teachers (MA)

This program helps middle and secondary school teachers develop standards based curricula and assessment, and addresses the needs of the classroom teacher.

Master of Arts in Mathematics for

Teachers (MA) Primarily for middle and secondary school mathematics teachers, this program is designed to expand teachers' knowledge of mathematics and enhance teaching methods.

Master of Education in Elementary Education

(M.Ed.) This program provides in-depth knowledge in core content areas while enhancing assessment, research, and technology skills.

Master of Science in Electrical

Engineering (MSEE) Provides an engineering science-intensive approach to increase student's understanding and problem-solving skills. Concentrations are offered in computer and electrical engineering.

Master of Science in Engineering

Management (MSEM) Includes information on the development of management problem-solving skills. Courses include engineering administration, project management, and statistical methods for quality assurance.

Master of Science in Mechanical

Engineering (MSME) Meets the needs of both the practicing professional and the person planning further graduate study. Courses blend computational aspects of engineering science with current applications in computer-assisted engineering, CAD and CAM.

Certificate Program for Graduate Study

in Management Consists of six graduate courses, and is intended for college graduates in any major who wish to pursue advanced study in management.

Graduate Engineering Certificate Programs

A four-course sequence in one of the following areas: Computer Engineering, Electrical Engineering, Engineering Management, and Mechanical Engineering.

Combined Juris Doctor/Master of Business

Administration (JD/MBA) Degree Student can simultaneously complete the requirement of the Juris Doctor from the School of Law and a Master of Business Administration from the School of Business in four years.

Certificate Programs **New**

Certificate Program for Acquisitions and Government Contracting This certificate program consists of three courses, which relate to what a defense contractor needs to consider in contracting with the government.

Project Management Certificate Program

Register for our two certificate programs or for a single class. All courses are based on the official Project Management Institute (PMI) educational standards—the Project Management Body of Knowledge (PMBOK)—and lead to PMI certification.

Summer Session 2005

We welcome both Western New England College and visiting students to Western New England College Summer Session classes. If you are enrolled in another college or university, you can simply register for summer classes; you do not have to apply for admission in order to attend summer session. Please note that registration in summer session does not guarantee formal admission to the College.

If you are interested in applying for one of our degree programs, please contact undergraduate admissions for full-time undergraduate programs (**413-782-1321** or **800-325-1122** ext. 1321) or Continuing Education for part-time undergraduate and graduate programs (**413-782-1249** or **800-325-1122**). Applications for admission can be downloaded from our website: **www.wnec.edu**.

The following courses will be taught online.

Online Courses

Undergraduate.....Page 8

BUS 390	Special Topics in Business-Business & Society
CJ 214	Drugs, Society & Criminal Justice System
CJ 314	The Judicial Process
CJ 340	Ethical Decision Making

General Information

Registration and Advising

Registration for undergraduate summer classes begins **March 3**. All summer registrations require the approval of a Western New England College advisor. Please refer to the “How to Register” section on page 18 of this booklet. A registration form is located in the back of this booklet.

Credit Load

Students enrolled in summer session are limited to a maximum of two courses per summer term or two courses in different terms that overlap by more than two weeks or three class meetings.

Transfer Credit

Summer session courses may be used toward degree requirements at Western New England College. Students enrolled in other colleges and universities must obtain permission from their home institutions to assure that any credit earned at Western New England College will be transferable.

Transcripts of Summer Courses

Transcript requests must be submitted in writing to the Office of Student Administrative Services (**413-796-2080**). You may download a transcript request form from <http://www.wnec.edu/acadsched/>. There is no charge for academic transcripts.

Internships

Students must be in their junior or senior year in order to pursue an internship for academic credit. Interested students should contact the Office of Career and Human Resources at **413-782-1217**. Internship registrations must be completed no later than **April 15, 2005**. Tuition and fees are the same as those for other undergraduate courses. Graduate internships are not available.

Course Auditing for Alumni

Western New England College allows alumni to audit College courses for \$15 per credit hour if space is available. This is an ideal way to maintain your competitive advantage in today's business world. Graduate courses require that alumni have completed a bachelor's or master's degree at the College and meet course prerequisites. Courses in the School of Law are not included. For details, contact the Office of Alumni Relations at **413-782-1327**.

Withdrawing from Courses

If you decide a course is not right for you or need to withdraw for other reasons, **you must submit a request for withdrawal in writing!** Withdrawal forms are available from Student Administrative Services or from the Office of Continuing Education. Withdrawal dates and refunds are based on the course schedule. The College may require written documentation of any extenuating circumstances.

Refunds

The College has a nonrefundable policy on all fees and required tuition deposits. Tuition payments are not transferable and tuition charges will be refunded only as follows:

Online and On-Campus Classes

15 Week Term

Refund period is for four weeks.
100% prior to first class meeting.
75% during first week of classes.
66 2/3% during second week of classes.
33 1/3% during third week of classes.
25% during fourth week of classes.
No refund after the fourth week of classes.

11 Week Term

Refund period is for three weeks.
100% prior to first class meeting.
75% during first week of classes.
50% during second week of classes.
25% during third week of classes.
No refunds after the third week of classes.

8 Week Term

Refund period is for two weeks.
100% prior to first class meeting.
75% through the third day of term.
50% through the sixth day of term.
25% through the tenth day of term.
No refunds after the tenth day of term.

6 Week Term

Refund period is for one week.
100% prior to first class meeting.
75% through first day of term.
50% through third day of term.
25% through fifth day of term.
No refunds after fifth day of term.

Note: Weekends and holidays do not count for online courses.

Accreditation and Memberships

Western New England College is accredited by the New England Association of Schools and Colleges. The School of Business is accredited by the AACSB International—The Association to Advance Collegiate Schools of Business. The Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) has accredited the Bachelor of Science programs in electrical, industrial, and mechanical engineering.

College Resources, Offices

College Bookstore

Conveniently located at the St. Germain Campus Center, the College Bookstore offers one-stop shopping for textbooks, course supplies, newspapers, greeting cards, College souvenirs, and that important before-class snack. **413-782-1284**. Textbooks may be ordered online at www.wnec.bkstr.com.

The Career Center

Located on the second floor, St. Germain Campus Center, the Career Center can assist with career planning, occupational exploration, and job search strategies. College Central, the Career Resource website, allows you to post your résumé online and search over three million job listings. Visit www.wnec.edu (click on Resources, then click on Career and Human Resources). **413-782-1217**.

Computer Facilities

Hundreds of PCs are available on campus to registered students. You'll find everything you need to write papers, create spreadsheets, explore the Internet, and prepare PowerPoint presentations. The Computer Lab is located on the third floor, Churchill Hall. **413-782-1613**. Several PCs are also located at D'Amour Library, which is open during extended hours.

D'Amour Library

The Library contains over 115,000 volumes, and has access to thousands of printed and online periodicals. An interlibrary loan program can locate additional materials from cooperating institutions. **413-782-1535**. Registered students can access online resources at <http://libraries.wnec.edu/>. Online students can access library services at <http://www.online.wnec.edu/library.html>.

Math Center

The supportive tutors at the Math Center will help you get up to speed. The Center offers tutoring and assistance for students in mathematics courses. Herman Hall 307. **413-782-1692** Please visit the Math Center website: <http://mars.acnet.wnec.edu/~math/mathcenter.html>

Writing Center

The Writing Center offers tutoring and assistance at all stages of a writing project and help with résumés and cover letters. Herman Hall 105. **413-782-1606**. Their website provides a wealth of writing and research resources—dictionaries, reference tools, help with punctuation, and lots more. Visit: <http://mars.acnet.wnec.edu/~rodonogh>.

Use of the Internet and Manhattan

Many Western New England College courses provide distance learning opportunities using *Manhattan*, which is software designed for delivering course materials over the Internet. *Manhattan* is used in many courses to supplement in-class learning. If your course will be delivered entirely over the Internet, this will be indicated on the class schedule. Visit <http://manhattan.wnec.edu> for the tutorial, a sample classroom, and to log onto your Manhattan class-room. For more help, contact: Steve Narmontas, snarmont@wnec.edu; **413-782-1778**, or Richard Pont, rpont@wnec.edu; **413-782-1742**, at the Educational Technology Center.

Graduate and Continuing Education

The home base for part-time undergraduate and graduate students, the Office of Graduate and Continuing Education is here to help you register for classes and advise you on courses and programs. The Welcome Center, second floor. **413-782-1249** or **800-325-1122, ext. 1249**; email and evening advising available: CE@wnec.edu.

The Department of Public Safety

Always ready to provide directions or answer questions, the Department of Public Safety is where you obtain your **mandatory ID card and parking permit**. Please note that a student ID is required to borrow library books and to enter certain buildings on campus. You can download a parking permit application at www.wnec.edu/~dps. Located on the access road to the Alumni Healthful Living Center. **413-782-1207**—24 hours a day/7 days a week.

The Office of Student Administrative Services (SAS)

Need information about financial aid or student billing? Looking to locate student records or transcripts? Or do you just need to cash a check? The place to address these issues is the SAS Office. Lower level, D'Amour Library. **413-796-2080**.

Please call for current College office hours. Most offices close at 4 p.m. during June, July, and August.

Western New England College

Undergraduate registration begins March 7, 2005

Session	Dates	Length
Session I:	Tues. 5/31 - Thurs. 7/7	six weeks
Session II:	Mon. 7/11 - Thurs. 8/18	six weeks
Session III:	Tues. 5/31 - Wed. 7/27	eight weeks

21 courses
will be taught
over the
Internet this
summer.

Important Dates for Summer Session 2005

Note: Please check class dates and times carefully—meeting times and end dates may vary due to holidays. For the current summer schedules, visit www.wnec.edu/acadsched

- Undergraduate registration begins March 7, 2005
- Graduate registration begins May 2005
- No Friday classes
- No classes July 4

Session	First day of class	Last day to register/add w/o instructor's permission	Last day to register/add with instructor's permission	Last day to withdraw	Last day of class/final exam

Online Classes

Students may register after the start of class only with instructor's permission.
Last day to withdraw: prior to last week of class

Summer Session 2005

This schedule is subject to change. Consult Graduate and Continuing Education, or the Academic Scheduling website—<http://www.wnec.edu/acadsched>

*100 through 400-level courses may be taken for undergraduate credit only.
500-level Engineering courses may be taken for either undergraduate or graduate credit.
Other 500-level and 600-level courses may be taken for graduate credit only and are not open to undergraduates.*

Registration begins March 7.

Sections numbered 41 - 48 Evening classes meeting after 5:00 p.m.

Six week evening session ISection Numbers 41-42 +51

Six week morning session ISection Numbers 01-02

Six week evening session IISection Numbers 43-44 +52

Six week morning session IISection Numbers 05-06

Eight week evening sessionSection Numbers 45-46 +51

As noted in selected course descriptions, 21 undergraduate courses will be taught entirely online. These courses are delivered entirely via the Internet; students do not have to physically attend class on campus. On campus courses may also require students to access the Internet and the College's Internet-based *Manhattan* program. Registered students may access the Internet and *Manhattan* from computers located on the College campus or from their own personal computers.

Information about *Manhattan* and a student tutorial are available at:
<http://manhattan.wnec.edu>.

Electronic registration is available only to part-time students and is limited to online summer courses. See **www.online.wnec.edu**.

Full-time students must obtain their faculty advisors' approval in order to register for summer classes.

Summer Session 2005

Course Descriptions

BIOLOGY

BIO 101 BASIC BIOLOGY: ORGANISMS

This is an introduction to the biology of organisms and their component parts. Intended primarily for non-majors, the emphasis is on the structure and function of human cells and organs. Two class hours, three-hour lab. 3 cr. Laboratory fee \$50.

BUSINESS

BUS 390 SPECIAL TOPICS IN BUSINESS: BUSINESS AND SOCIETY

Prerequisite: BUS 101.

This course deals with the various interactions between the corporation and the wider social environment of which it is a part. Particular attention is given to those interactions that have been the focus of attention and controversy in recent years. These include business ethics, government regulation of business, business's involvement in the public policy process, environmental issues, corporate social responsibility, product liability, and the rights and responsibilities of employees in corporations. The overall objective of this course is to develop students' ability to identify and analyze social, ethical, and legal issues that effect the business environment and their organizational lives. 3 cr.

Taught
online

CHEMISTRY

CHEM 101 MODERN CHEMISTRY I

This is an introductory course intended to help students with little background in the physical sciences to understand the material environment. Modern concepts of atomic and molecular structure are developed and used to explain the properties of familiar substances including solids, liquids, and gases. Laboratory work is designed to enhance understanding of fundamental concepts at the practical level and may include field sampling and demonstrations as well as individual experiments. Two class hours, three -hour lab. 3 cr. Laboratory fee \$50.

CHEM 102 MODERN CHEMISTRY II

Prerequisite: CHEM 101 or one year of secondary school chemistry. A study of basic chemical models is applied to topics in current technology. Topics include the chemistry of synthetic materials, of living systems, of energy sources, and of environmental pollution as well as the ethics of science and technology. Laboratory work includes polymer synthesis, sampling and analysis of household products and foods, and environmental analysis. Two class hours, three -hour lab. 3 cr. Laboratory fee \$50.

CRIMINAL JUSTICE

CJ 214 DRUGS, SOCIETY, AND THE CRIMINAL JUSTICE SYSTEM

Prerequisite: SO 101 or CJ 101. This is a study of the legal and social background of the pressing problem of drugs and alcohol and their use and abuse in American society. This course is equivalent to SO 214. 3 cr.

Taught
online

CJ 314 THE JUDICIAL PROCESS

Prerequisite: CJ 101 plus any 200-level CJ course or permission of the department.

This is a study of the nature of law and the courts; the State and Federal Court systems of the United States, as well as the U.S. Supreme Court and its jurisdiction, operation, and workload. The concept of judicial review is analyzed, and the courts of England, Wales, and Germany are examined for comparative purposes. Offered fall semesters. 3 cr.

Taught
online

CJ 340 ETHICAL DECISION-MAKING

Prerequisite: CJ 101; any 200-level CJ. This course examines the major philosophical points of ethical theories and the decision process. Classical and modern viewpoints are studied in an attempt to gain a better understanding of the major social issues in today's world. Cultural implications are addressed and students gain a better understanding of their values and their personal philosophy. 3 cr.

Taught
online

Summer Session 2005

Course Descriptions

CJ 398 TREATING THE OFFENDER IN THE COMMUNITY

Taught
online

This course will provide the student with various treatment options for offenders in the community. Topics include gender specific treatment, cognitive behavioral therapy, mental health programs, and substance abuse treatment programs. Students will review research on the effectiveness of the treatment programs used with offender populations. 3 cr.

COMMUNICATION

COMM 201 PRINCIPLES OF COMMUNICATION

Prerequisite: Sophomore standing, two courses in English writing with grades of "C" or better. This is an introduction to the fundamental theory of interpersonal communication and public speaking. The course explores effective listening, small group communication, nonverbal communication, and similarities and differences between speaking and writing. Offered every semester. 3 cr.

COMM 322 MEDIA PLANNING AND PUBLIC RELATIONS

Prerequisite: COMM 201 and 205, two courses in English writing with grades of "C" or better. This is a study of historical and critical views of the practice of public relations; basic public relations writing principles; basic principles of research and analysis for planning appropriate public relations message and media choices; and ethical principles for the development and evaluation of public relations efforts. Students will examine and critique actual public relations activities in a variety of contexts such as employee and membership relations, consumer and community relations, and non-profit organizations. They will prepare various writing assignments and a hypothetical campaign proposal. Offered every semester. 3 cr.

COMM 390 SPECIAL TOPICS IN COMMUNICATION: SPORTS BROADCAST AMERICAN CULTURE

This course asks students to examine critically how sports have circulated within American culture through electronic mass media over the last 85 years. Students will scrutinize the role sports have played in radio and television since the 1920s and 1930s, consider the importance sports have for mass media industries, and evaluate recent developments (the advent of cable, satellite, and computer technologies) that have affected sportscasts. 3 cr.

CULTURES

CUL 212 LONDON THROUGH THE AGES

Travel

This intensive two-week summer course will be held in London June 3-19. Cost includes tuition, transportation, room and board. Limited to nine students. Contact instructor before registering: tsouth@wnec.edu, tel: 782-1593. This course is cross-listed as HIST 212. 3 cr.

CUL 250 LATIN AMERICA

Taught
online

Prerequisite: Sophomore standing. This course introduce students to the rich cultural heritage of the peoples who have contributed toward forming the societies of Latin America. Attention will be given to the Indigenous, Spanish, Portuguese and African populations. The course examines Latin America from the perspectives of its environment, history, society and higher thought (philosophy/religion). Students are introduced to the geographical diversity and resources of Latin America. There will be discussion of the historical development of Latin America, dating back to pre-Columbian times. Comparisons will be made in the discussions with the historical and societal development of the United States. Comparisons will also be made among the diverse societies that comprise Latin America. Satisfies Elements of Culture requirement "CA." 3 cr.

Summer Session 2005

Course Descriptions

CUL 262 ANCIENT ROME

Prerequisite:

Sophomore standing.

This course is designed to help us appreciate our classical heritage with respect to art and architecture, leisure and social priorities, musical and literary contributions, morals, manners, prejudices and folklore. Satisfies Elements of Culture requirement "CA." 3 cr.

Taught
online

CUL 273 EAST AFRICA

Prerequisite: Sophomore standing.

This course discusses pre-colonial, colonial, and post-colonial history, traditional cultures (art, religion, and customs), political organizations, and literature of East Africa. Until recently, East Africa included the following former British territories: Kenya, Tanzania, and Uganda. Today that geographic area includes also two former Belgian territories: Burundi and Rwanda. The East Africa course will focus on a particular country or a comparison of two countries in East Africa. In the Rwanda focus, for example, Rwanda will be used as a case study to illustrate the impact of colonialism on African societies and the increasing importance of human rights in international relations. At other times, the course may focus on Swahili culture in general, or on some other aspect of East Africa. Satisfies Elements of Culture requirement "C." 3 cr.

ECONOMICS

EC 201 PRINCIPLES OF ECONOMICS I

Prerequisite: None.

Not open to students who have taken EC 207.

This course introduces students to economic principles, beginning with the issue of scarcity and choice and building to an understanding of microeconomics. Topics include characteristics of the American private enterprise economy; markets, the price system, and the allocation of resources—including the different market structures in American industry; the labor market; the role of government when social costs and private costs diverge; and the distribution of income. Prerequisite: None (Not open to students who have taken EC 207.) 3 cr.

Taught
online

HISTORY

HIST 212 LONDON THROUGH THE AGES

This intensive two-week summer course will be held in London June 3-19. Cost includes tuition, transportation, room and board. Limited to nine students. Contact instructor before registering: tsouth@wnec.edu, tel: 782-1593. This course is cross-listed as CUL 212. 3 cr

Travel

HIST 354 CIVIL

WAR AND RECONSTRUCTION

Prerequisite: Sophomore standing. This is an examination of the Peculiar Institution, the anti-slavery movement, the intensification of sectionalism, the secession crisis, why and how war came, the course and conduct of the war, and the reconstruction of the nation. 3 cr.

Taught
online

MANAGEMENT

MAN 204 ORGANIZATIONAL BEHAVIOR

Prerequisite: MAN 101.

The course examines individual, interpersonal, and group behavior in organizations. Coverage includes OB concepts as they influence effective management practice and leadership. Course content is designed to facilitate the attainment of key learning outcomes focused on the understanding and recognition of: the role that personality and perception play in influencing behavior in organizations; concepts associated with effective work design; theories and concepts of decision making and problem solving; theories and concepts of motivation; theories and concepts of leadership; and theories and concepts from the behavioral sciences in developing strategies for effective teamwork and other organizational processes. 3 cr.

Summer Session 2005

Course Descriptions

MAN 341 LEADERSHIP AND CHANGE

Prerequisite: Junior standing. This course focuses on the leadership challenges in organizations pursuing change. Key learning outcomes in this course include: a range of current perspectives on the key elements of effective leadership; the fundamental elements and best practices in the area of organizational change; using the concepts of leadership and change to analyze organizational change situations. 3 cr.

Taught
online

MAN 390 SPECIAL TOPICS IN MANAGEMENT: STRATEGIC LEADERSHIP

Prerequisite: MAN 101. This is a study of advanced topics in management of special interest to management majors, but not offered on a regular basis. 3 cr.

PHILOSOPHY

PH 310 ETHICS IN THE PROFESSIONS

Prerequisite: Junior standing. This is an examination of ethical problems confronting people in business and the professions. Issues include employee rights and duties, professional and corporate responsibility, affirmative action, environmental pollution, worker health and safety, advertising, government regulation, competing conceptions of justice, and alternative economic systems. Offered every semester. 3 cr.

PSYCHOLOGY

PSY 101 INTRODUCTION TO PSYCHOLOGY

This is a survey of the primary topics of psychology including its historical evolution, aims, and methods. Topics include the physiological bases of behavior, social determinants, and psychology's applications in various fields of human activity. 3 cr.

Taught
online

PSY 204 ORGANIZATIONAL PSYCHOLOGY

Prerequisite: PSY 101. This is a study of the behavior of individuals within complex social systems. The focus is upon groups and their responses to various organizational structures. Concerns of the industrial psychologist, recruitment, selection, training, and incentives are also treated. 3 cr.

Taught
online

PSY 304 EDUCATIONAL PSYCHOLOGY

Prerequisite: PSY 101. This is a psychological analysis of the educational process with special attention to the nature of learning and the classroom environment. Topics examined include cognitive and emotional development, learning theory, social adjustment, as well as current educational issues affecting learning and development. 3 cr.

Taught
online

PSY 390 SPECIAL TOPICS IN PSYCHOLOGY: APPLIED SOCIAL PSYCHOLOGY IN THE WORKPLACE

Prerequisites: PSY 101 and sophomore standing. The primary objectives of this course are to examine the psychological underpinnings of social behavior in work settings and to develop student skills in thinking and writing scientifically about social aspects of work behavior. Phenomena that we will discuss include social perception, learning, motivation, attitudes, pro-social behavior, teamwork, leadership, and organizational culture. 3 cr.

Taught
online

SOCIOLOGY

SO 101 INTRODUCTION TO SOCIOLOGY

This course is an overview of the three major sociological perspectives, social science research methods, and the processes of socialization. Study of social groups, organizations, and institutions of the family, education, and economy is included. Other topics include social stratification based on class, gender, race and ethnicity, deviance, and social change. 3 cr.

Taught
online

Summer Session 2005

Course Descriptions

SO 203 SOCIAL PROBLEMS

Prerequisite: SO 101.

This is a study of the incidence, distribution, interrelations, and nature of social problems characteristic of highly industrialized urban societies.

The focus is on social structure and modern technology as causes of problems and on the role of government and social institutions in their solution. 3 cr.

Taught
online

SO 214 DRUGS, SOCIETY, AND THE CRIMINAL JUSTICE SYSTEM

Prerequisite: SO 101

or CJ 101. This is a study of the legal and social background of the pressing American problem of drugs and alcohol and their use and abuse in American society. This course is equivalent to CJ 214. 3 cr.

Taught
online

SO 303 SOCIOLOGICAL EXAMINATION OF MASCULINITY

This course introduces students to an alternative view of the sociology of gender by examining masculinity. This course will appeal to students in the behavioral sciences and social work. 3 cr.

Taught
online

SO 308 SOCIOLOGY OF THE FAMILY

Prerequisite:

SO 101. This is a review of the historical development of the family as the most fundamental institution in society and the source of primary socialization. Topics include traditional and contemporary functions, problems of single-parent families, two-career families, alter native family structures, and current family policies. 3 cr.

Taught
online

SO 309 SOCIAL DEVIATION AND CONTROL

Prerequisite: SO 101.

This is an analysis of social norm violations and group responses to deviant behavior. Emphasis is on the nature of social norms and rules; styles of social control; sources and varieties of deviant behavior; the development of unconventional ideologies and world views; and the role of deviant subcultures, associations, and organizations. 3 cr.

Taught
online

SO 310 CULTURAL ANTHROPOLOGY IN THE 21ST CENTURY

This is an introduction to the academic discipline of anthropology including physical anthropology, anthropological linguistics, archaeology, and cultural anthropology. The emphasis is on the concept of culture, cultural behavior, and cultural dynamics. Cultures are seen, in part, as an ecological adaptation to certain environmental niches. Concepts dealing with cultural relativity are stressed. 3 cr.

Taught
online

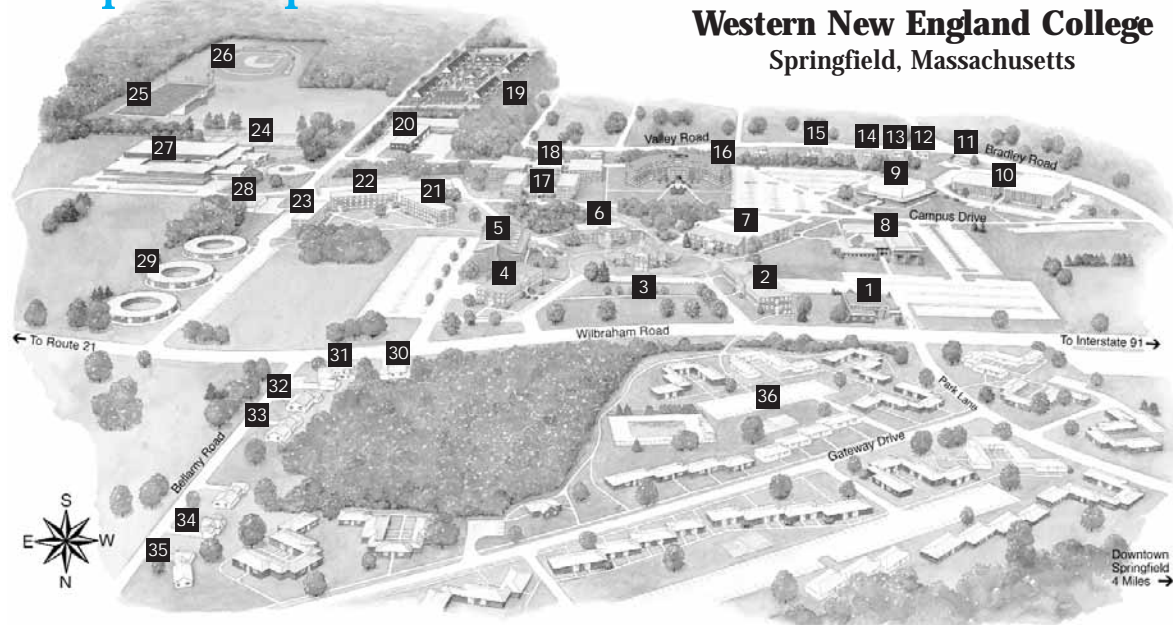

SO 390 SPECIAL TOPICS IN SOCIOLOGY: EXPLORING THE MEXICAN HIGHLANDS

Prerequisites: SO 101, Psy 101, CJ 101, or SW 101, or permission of the Instructor. This course will take us directly into the colonial heartland of Mexico. We will visit Teotihuacan, the "City of the Gods," as well as Aztec and Tarascan sites and themes. Basing ourselves in the spectacular mountainous State of Michoacan we will visit the birthplace of Diego Rivera and the Muralist Movement; Morelia, the birthplace of Mexican Independence; and the native craft villages around Lake Patzcuaro. This is the colonial silver and gold region of Mexico and the Spanish cities of Morelia, Queretaro, and Guanajuato {and others} reflect the fortunes amassed in their secular and sacred architecture. 3 cr.

Directions to the Campus

From the East or West via Mass. Turnpike (I-90). Leave the Mass. Pike at Exit 6. Turn left onto I-291. Take Exit 5 off I-291 (Route 20-A West to East Springfield). Bear right at the end of the exit ramp on Page Blvd. Take the left at the first light onto Roosevelt Ave. Take Roosevelt Ave. 2.5 miles to the intersection with Wilbraham Rd. (fifth traffic light). Turn left onto Wilbraham Rd. and follow it 1.5 miles to the third light. Turn right into the parking lot of the Welcome Center. (Total 5.6 miles from Mass. Pike.)

From the North via Interstate 91. Leave I-91 at Exit 8, (Ludlow, Boston 1-291). Travel to Exit 5B, (East Springfield). Turn right off of the ramp onto Page Blvd. At the first traffic light, turn left onto Roosevelt Ave. Take Roosevelt Ave. 2.5 miles to the intersection with Wilbraham Rd. (fifth traffic light). Turn left onto Wilbraham Rd. and follow it 1.5 miles to the third light. Turn right into the parking lot of the Welcome Center. (Total 8.6 miles from I-91.)

From the South via Interstate 91. Leave I-91 at Exit 2 (East Longmeadow). Follow signs (Route 83) to the light at the intersection of Longhill and Sumner Ave. Turn right onto Sumner Ave. Travel straight on Sumner Ave. (which becomes Allen St.) to the traffic light at the intersection of Allen St. and Bradley Rd. (3.2 miles). Turn left onto Bradley Rd. and travel 1.6 miles to Wilbraham Rd. and turn right. Travel 0.2 miles to the next light and turn right, into the parking lot of the Welcome Center. (Total 5.7 miles from I-91.)

How to Register

Graduate and Continuing Education is located in the Welcome Center, 2nd floor. Hours are: 8:30 AM to 6:00 PM, Monday through Thursday, 8:30 AM to 4:30 PM on Friday (4 PM during the summer).

Full-time Western New England College Students:

Your registration form must be signed by your faculty advisor. Bring your completed form to the office of Student Administrative Services, in the lower level of the D'Amour Library.

Western New England College Continuing Education and Visiting Students:

Your summer course registrations must be approved by a Continuing Education advisor. Visiting students may be required to provide proof of course prerequisites.

Registration checklist:

Current WNEC students:

- Review your degree audit
- Be sure you don't have an outstanding account balance

All students:

- Select your classes
- Include alternative class selections where possible
- Verify that you meet course prerequisites
- Obtain advisor approval

Ways you can register:

TELEPHONE: 413-782-1249 or 1-800-325-1122, ext. 1249.

Please have your registration information available.

FAX: 413-782-1779. Please use the registration form in this schedule.

MAIL: Send the completed form and required fees to:
Western New England College
Graduate and Continuing Education
1215 Wilbraham Road
Springfield, MA 01119-2684

DEADLINE: Allow at least one week prior to the first class meeting.

ONLINE: Visit www.online.wnec.edu for information on registering for online courses only.

IN PERSON: Visit our office in the Welcome Center, 2nd floor (hours listed on the left).

Registration Hold

Student accounts that are not up-to-date will be placed on registration hold for the next semester. Students with accounts on hold will not be allowed to register until the required balance is paid.

Advising Hours

Advisors are available to meet with you Monday through Friday, 8:30 AM to 4:30 PM by appointment. Advisors are also available by e-mail (CE@wnec.edu) and several evenings a week; please call for current hours.

Parking Permits and ID Cards

Students must obtain a parking decal from the Department of Public Safety, which is open 24 hours a day, seven days a week: **413-782-1207**. Student ID cards, which allow borrowing privileges for the D'Amour Library and access to certain classroom buildings, are also issued by Public Safety.

Tuition and Fees

- Undergraduate tuition: \$421 per credit hour
- Graduate tuition:
MBA, MSA: \$499 per credit hour.
MAET, MAMT and MEEE:
\$211 per credit hour
- General services fee for all courses:
\$12 per credit hour
- Registration fee, part-time students:
\$20 per semester (nonrefundable)
- Finance charge: 1% per month on balances unpaid by the date specified in each monthly statement
- Laboratory fees: as stated in "Prerequisite" column in this schedule and in Catalogue course descriptions

Payment Plans

The Office of Student Administrative Services offers you flexible payment options. Please remember that all charges are due by the start of classes at which point finance charges begin to accrue. If you are not paying in full by the start of classes, the following options are available:

Credit Card Payment

You may use credit cards ONLY for payments made towards new charges at the time of your initial registration. The College accepts MasterCard, Visa, and Discover.

Summer Session Payment Plan

If you need to spread out your payments, 50% of charges can be paid at the start of classes. The remaining 50% will be due by the last date of class. Finance charges will accrue.

Employer Reimbursement Extension Plan

This program allows students who receive tuition reimbursement from their employers to defer three-quarters of their tuition payment until 30 days after the end of the semester. This allows time for tuition reimbursement checks to be issued by the employer.

Company or Government Direct Payment

If your company or branch of government has, or established, a Direct Billing agreement with the College, then we will credit your account for the authorized amount once we receive all necessary paperwork from the responsible entity. It is the STUDENT'S responsibility to ensure that the necessary paperwork is received by the College at, or before, the start of classes.
